

Technology demonstrated	Horizontal spread of technology	
	No. of villages	No. of farmers
Green manuring in direct seeded kharif rice	21	230
Varietal substitution in rice	22	185
Pyara cropping of field pea	13	109
Cultivation of Tissue cultured banana	34	83
Cultivation of high yielding variety of papaya	19	97
Introduction of improved EFY Var. Gajendra	13	179
Crop substitution with arrowroot.	35	184
Introduction of improved Turmeric var. Suroma	16	39
Integrated pest management in rice	12	171
Biological control of sugarcane borers	32	263
Bee keeping for rural youth	15	37
Integrated pest management in brinjal	17	159
Microbial control of tomato fruit and shoot borer	12	72
Freshwater prawn culture	19	58
Ornamental fish culture	8	49
Pond based farming system	22	87
Backyard poultry rearing	35	97
Use of maize sheller for drudgery reduction	20	112
Use of sunflower thresher for drudgery reduction	12	74
Use of low cost solar dryer for drying mahua flowers	10	10
Introduction of Elephant Foot Yam var. Gajendra	29	193
Varietal substitution by high sucrose content variety	7	31
Growing of bamboo raised through culm cutting method	17	45
Growing of <i>Acacia mangium</i>	8	63
